

Brewdog Nanny State, NRB

If you think low alcohol equals low taste, think again. We made a hardcore beer and left the alcohol out. Nanny State breaks the curfew and slips under the radar. A brigade of speciality malts and...

Tasting Note

If you think low alcohol equals low taste, think again. We made a hardcore beer and left the alcohol out. Nanny State breaks the curfew and slips under the radar. A brigade of speciality malts and North American hops sends bitterness to the brink and back. Squeezing this many hops in, and the alcohol out, is a testament to our craft.
