Tasting Note

From their Brewery in South East London, the Small Beer team specialise exclusively in brewing classic beers styles below 2.8% ABV. Exceptional quality & world class flavour at the lower ABV is what we do. What's more they do it responsibly - becoming London's first B Corp certified Brewery in 2019. A classic Pilsner-style lager (lagered out for six weeks) shows a citrus nose, stone fruit palate and a continental bite on the finish. Bright, crisp and fresh!
