
Laurent-Perrier Brut Millésimé 2008

Normally Champagne is made from wine produced in a number of years but this one is produced from wine which is made in one, named year. This means it is rare and special and only produced when...

Tasting Note

Normally Champagne is made from wine produced in a number of years but this one is produced from wine which is made in one, named year. This means it is rare and special and only produced when conditions for making great wine are at the absolute best.
