

Pommery Louise

Sparkling wine can only be called Champagne if it's made in the Champagne region in France. This is a 'vintage' Champagne which means all the grapes are from one year. This means it is rare...

Tasting Note

Sparkling wine can only be called Champagne if it's made in the Champagne region in France. This is a 'vintage' Champagne which means all the grapes are from one year. This means it is rare and special and only produced when conditions for making great wine are at the absolute best. It has flavours of lemons, juicy apples and some toasty notes.
