CRAFTING SPIRITS WITH PASSION

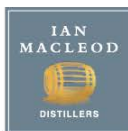

Uncompromising in its pursuit of excellence, Glengoyne runs its stills slower than any other distillery in order to create the fruity, unpeated spirit for which its whisky is known.

"As smooth as a Pig's Nose".

Pig's Nose Whisky is acknowledged as one of the highest quality and lightest blended scotch whiskies in Scotland. The exceptional smoothness of Pig's Nose is rooted in using only the finest first class malt whiskies and marrying these with gentle aged grain whiskies.

Ian Macleod Distillers has remained a private family owned business for over 80 years, with an enviable portfolio of premium quality spirits supplying over 100 countries around the world.

A glass of rum is shown on the left side of the image, partially obscured by a teal diagonal overlay. The glass is filled with a golden liquid and sits on a dark wooden surface. In the background, there is a white, textured fabric, possibly a towel or napkin, draped over the surface. The overall composition is clean and modern, with a focus on the rum glass and the teal graphic element.

VODKA

INTRODUCING

BELVEDERE SINGLE ESTATE RYE VODKAS

ORIGIN BUILDS CHARACTER

What we stand for is simple: vodka with character.

The Belvedere Single Estate Rye Vodkas represent our pursuit to craft vodkas that capture the essence of the single estate ryes and unique locations from which they come.

Both vodkas are made with rare Diamond Dankowskie Rye, yet have distinct flavour profiles due to the influence of their respective single estates. Lake Bartężek is delicate and floral, reminiscent of the serene lake bordering its estate, while the bold and savoury taste of Smogóry Forest recalls the vast woodlands surrounding its estate. Equally exceptional in their own respect, the unique origin of each spirit shines through with every sip.

BLACK COW

World's Smoothest Vodka

Black Cow is an innovative vodka made using what is left over from the milk after making cheese, which results in an exceptionally smooth vodka with a unique creamy character.

Introducing *Black Cow Vodka + English Strawberries* - using locally sourced strawberries deemed unfit for sale in UK grocers. Only strawberries are used to flavour the vodka naturally, with no added sugar or sweeteners.

Black Cow is the fastest growing premium vodka in the UK, growing at +33%, significantly outperforming the category.

TEQUILA & MEZCAL

Far from being just for shots, it's sipping tequila that's driving this category forward, with a staggering 48% growth in sales of super premium tequila in the last year. But it's being shaken up too, with tequila a firm favourite among trendsetting bars, where 67% list it in cocktails.

WE DIDN'T INVENT TEQUILA,

Tequila has been around for centuries, but we took the time to get it right, crafting a small-batch spirit that's worth sipping slowly. It requires Mexico's finest 100% Weber Blue Agave, hand-selected and distilled in custom copper stills for a smooth finish every time. We didn't invent tequila,

WE JUST PERFECTED IT.

CHAMPAGNE

Despite the rise in popularity of other sparkling wines, Champagne still holds its own as the most respected and prestigious category in the market. So whether it's a famous Grand Marque or a quirky 'grower' Champagne, we've got something for every occasion. Because nothing says 'celebrate!' like popping a bottle of real Champagne.

BRUNO PAILLARD
Reims - France

Now in their third generation, family-owned Lacourte-Godbillon is a widely respected producer of grower Champagne from the Montagne de Reims. For current owner and winemaker Geraldine Lacourte, and husband Richard Desvignes, their vision is simple: the wine must be an expression of its terroir.

They are true growers in every sense, owning all 8ha of their vineyards and working with a small team of five (except during harvest, of course). 95% of their Pinot Noir grapes are grown on the Premier Cru vineyards of Ecueil. This variety makes up the majority of their 50 plots. In the cellar, the bottles age for anything from 30 months to seven years before disgorgement, in order to nurture each wine's unique character.

VOTED NO. 1 BIRRA BY ITALIAN TASTE TEST PANEL*

We are proud of our authentic Italian birra, Menabrea, and so are the Italians! In an independent blind taste test by Italy's leading review site our birra was selected as No1.

MENABREA is Italy's oldest continuously producing brewery. Located in the northern town of Biella, the family have brewed their remarkable birra using their own special recipe for over 170 years.

Brewed with glacial water direct from the Alps, barley from the Champagne region, and floral, fruity Hallertau hops from Bavaria, then matured for 30 days in underground caves.

Our birra is available in bars across the UK. Want to find your nearest birra?

The award-winning consumer intelligence that drives everything we do

Using our tools and expertise, we take data and turn it into information to make your drinks range work harder. We understand every customer who walks through your door, so can ensure they find the right product, in the right place, at the right price, while also maximizing your profit.

This is just a glimpse of what we do and how we do it. If you'd like to know more, contact your Bibendum Account Manager or email marketingservices@bibendum-wine.co.uk.

Bottom-up model of the UK On Trade

We have a track record of delivering site level segmentations to inform consumer-focussed commercial decisions that increase both consumer enjoyment and partner returns.

Using this approach helps inform everything: from the ranges we create, to the incentives we put in place for staff, to the order new sites should be refurbished, to identifying new site acquisitions for customer expansion.

PRODUCT

On Trade pricing tracker

Using PRODUCT we can tell you how your pricing stacks up against your competitors.

MODE

Top-down trend tracker

Rather than relying on sales data, which doesn't reveal trends until after they've begun, we expertly analyse the latest wine lists of over 60 industry-leading venues, from cocktail bars to Michelin starred restaurants.

With MODE we can see the next big trend in drinks before it happens.

	<p>INFUSION OVER PREMIUM BRANDS</p> <p>Premium brands of rum in demand? When it comes to cocktail bars we noticed a stark difference between 'trend setting' On Trade and the quick-to-follow 'On Trade early adopter' venues. A huge 94% of early adopter venues included premium brands in their ingredient descriptions, compared to just 56% of trend setters. Preferring house infusions with anything from Kaffir Lime to Beechey.</p> <p>BAR</p>	<p>PREMIUM TEQUILA</p> <p>More than cheap shots, Tequila is a firm favourite with trend setting bars. Featuring in 67% of all lists analysed, Tequila was a key ingredient in 8% of cocktails, making it twice as large as its market share of 4%. It's obvious that Tequila is the darling of influential mixologists, but it seems that the wider market is starting to take notice. UK imports of Premium Tequila has grown in volume by +17% over the last year. It's long been the next big thing, Tequila's time might finally be here!</p> <p>TEQUILA</p>
	<p>RUM IS THE NEW GIN</p> <p>Rum has long been tipped to follow gin in the next cocktail product. 58% of Mode-tracked cocktail bars considered Rum cocktail, making up 16% of the overall cocktail listings, just behind Gin cocktails at 26%. Rum makes up a higher share of cocktail listings than most other spirits, but fewer venues stock it. While there are more venues happy to leave rum off the list, those who list it are more loyal to the category.</p> <p>COCKTAIL</p>	<p>VODKA GETS LEFT BEHIND</p> <p>Unlike Tequila, Vodka is under-represented across London's premium bars. While it remains core (included in 83% of assessed venues), it's not going 'at the cutting edge'. It featured in 10% of cocktails on the lists, much less than its On Trade spirit market share (22%) and consumer preference for Vodka is lower than you might expect. 24% of UK drinkers list Vodka as their 'favourite spirit'. Are consumers starting to take note of leading bars swapping Cosmos for Capri Phish?</p> <p>VODKA</p>

Award-Winning Training

Inspiring passion and confidence to sell better drinks

Training your staff has numerous benefits – from improving the customer experience and growing your sales, to increasing morale and better staff retention.

Our philosophy is simple – we make wine and spirits fun, easy to understand and accessible to everyone. Our award-winning learning and development specialists are wine and spirits geeks. With over 10 years' worth of experience, they're experts at designing and delivering training that works for you. Not only do they know how to improve the wine and spirits knowledge of your staff in a way that sticks, they also give them the confidence and skills to sell it too.

Let our experts guide you

Our training team don't believe that one size fits all when it comes to training. We pride ourselves on providing you with a training solution that fits your needs, and offer a free Training Needs Assessment service to make sure we get it right for you.

Wine Confidence

As our first blended learning course, Wine Confidence incorporates a one-day workshop with three months' access to our digital learning service. This course is designed to increase knowledge around wine, enabling learners to confidently recommend wines to customers, while it also provides practical skills and knowledge to those who work with wine in their roles. After the course, students can continue to access the digital resources to refresh and top up their knowledge.

WSET Qualifications

Offering Levels 1, 2 and 3, our team of educators offer more than just the WSET syllabus. Bringing the topics to life, we make these in-depth courses relevant to your business. All our WSET courses come with access to our e-learning portal with specifically designed resources to support you to achieve the best grade possible.

Train the Trainer

An interactive half-day workshop for those who want to learn how to effectively cascade their wine knowledge to their staff.

Beyond Wine

Alongside our core wine courses, we offer training on other drinks categories including introductions to craft beer, spirits and sake.

E-Learning

Last year our training team started offering e-learning to customers as part of our 'blended learning' approach.

Bibendum head of customer training, Julia Bailey, says, "In a fast-paced, information-overloaded and convenience-led world, it's increasingly challenging to engage staff and keep training relevant. As a result, we've added a digital element to our training offer through our new e-learning platform.

"This platform enables staff to dip in and out of the training at anytime, anywhere. It has dozens of films, articles and quizzes, each introducing new knowledge and skills in no more than a

couple of minutes. It is designed to give users the confidence to talk about their venue's drinks and to bring them to life. It also enables managers to keep track of staff's training progress."

While e-learning is increasingly important, it's not simply a matter of taking it online. Julia explains, "It's about an entirely new approach to the way we help people to learn. Blended learning is our way of combining e-learning with traditional classroom methods and independent study to create a new, more impactful, hybrid teaching methodology."

We're constantly developing new courses based on current market trends

- such as our 'Mindful Winemaking' course - so if there's anything in particular you're interested in, please get in touch with us via the training page on the Bibendum website.

Events & Tastings

This year we will be travelling the length and breadth of the UK - from London and Bristol, to Manchester and Glasgow - to bring you a busy calendar of events. All of them a great opportunity to taste some delicious wines and meet some of the fascinating people behind them.

Look out for our 'New Release' spring and autumn tastings, which are a chance to meet our passionate producers, discover new and interesting wines and taste some of our old favourites.

Our 'Supper Club' series is a gastronomic collaboration with some of the most esteemed chefs and restaurants, bringing together delicious tasting menus with lustworthy wines.

Our 'Tasting Editions' events champion specific countries and themes - with upcoming events focusing on 'Mindful Winemaking' and 'By the Glass', while our Fine Wine Cellar Tastings showcase our selection of classics, older vintages and experimental parcels.

Plus, look out for special collaborations with our producers for one-off events - anything from a 'Day at the Races' to a 'Day in the Vineyard'.

We hope to see you at our events throughout the year! Keep an eye out at www.bibendum-wine.co.uk/events/ or on social media for more details.

Stay Connected

Find out when the next tasting event is coming your way and keep in touch online - our website, bi-monthly newsletters and social media channels offer news and interesting content, from videos and podcasts, to in-depth articles and current market trends.
