

GOOD THINGS COME IN SMALL PACKAGES

**BIBENDUM'S SMALL FORMAT RANGE
CANS, BOTTLES AND RTDs**

INTRODUCTION

Smaller serves have been increasing in popularity, driven by a change in the nation's drinking habits and the 'moderation revolution'. As the move continues towards drinking less, we also see that consumers are happy to spend more on a really good drink.

1 in 3 premium On Trade outlets list half bottles, making more premium wines more accessible.

(Source: MODE 2019)

With this has come the increasing trend for cans as consumers look to eat and drink 'on the go'. Now more than ever, cans have a place on your drinks list as you look to deliver serves quickly, with minimum handling by staff. Cans provide the reassurance of not requiring glassware, providing more confidence to customers as they look for hygiene reassurance.

Whether you are a bar or restaurant wanting to offer speed of serve with minimum interaction with staff and guests, or a hotel looking to extend your room service offering, please read on for our full selection of smaller serves.

After only 10 vintages Mirabeau has won a plethora of awards for their range of wines, including Gold Medals in Paris, Lyon and The Drinks Business Rosé Masters. Robert Parker's Wine Advocate described Mirabeau as
