

# Eristoff Vodka

Made from 100% pure grain, which contains just the right level of moisture and pure character and demineralised water, Eristoff is triple distilled and finally charcoal filtered to ensure absolute...

## Tasting Note

Made from 100% pure grain, which contains just the right level of moisture and pure character and demineralised water, Eristoff is triple distilled and finally charcoal filtered to ensure absolute purity, to create a clean and crisp taste. With a slight hint of liquorice and green apple this awarded vodka leaves you with a smooth, creamy aftertaste.
