

Smirnoff Black Label Export Strength Vodka

Smirnoff Black Vodka is a traditional vodka which is made by expert distillers in small batches using a 150-year-old copper pot-still. Distillation is followed by a single charcoal filtration, which...

Tasting Note

Smirnoff Black Vodka is a traditional vodka which is made by expert distillers in small batches using a 150-year-old copper pot-still. Distillation is followed by a single charcoal filtration, which ensures its purity without stripping the vodka of its unique taste profile. Serve on the rocks for a perfectly rich, smooth drink.
