

The objective was to express once again the strength of the limestone terroir specific to Climens and the aromatic richness of the Semillon grape variety. The use of Wineglobes, glass containers, combined with a precise selection of juices during pressing, give this wine a silky, rich texture, full of elegance

Tasting Note

The objective was to express once again the strength of the limestone terroir specific to Climens and the aromatic richness of the Semillon grape variety. The use of Wineglobes, glass containers, combined with a precise selection of juices during pressing, give this wine a silky, rich texture, full of elegance
